No Limits Learning Center Wish List

Our biggest wish at this time is online software that can be implemented during our computer class. This software expands on our student's life skills such as money math, personal and social success, community safety, and independent living skills. You may purchase the software directly from www.AttainmentCompany.com or donating on our website www.nolimitslc.org and specify which curriculum you would like to contribute to.

- **Dollar and Cents Software**- *Counting Coins has four activities: Naming, Matching, Sorting, and Vending Machine. In Spending Money, students shop for items and pay for them with computer cash, using the exact amount or the next-dollar approach. In Making Change, the most advanced program, students function as store clerks, entering purchases and giving back change.*
  5 Pack- $369

- **Match Time Software-** *features a programmed learning approach for students who struggle with time concepts. Four progressively difficult levels provide sequences of multiple choice exercises.*

  5 Pack- $369

- **Success Bundle-** *combine three independent living skill programs to form a comprehensive curriculum for transition students. Personal Success, based on the Explore Personal Care Curriculum, covers hygiene, dressing, health, and safety skills with separate presentations for men and women. Social Success, based on the Explore Social Skills Curriculum, focuses on 50 important interaction skills for school, work, home and community environments. Community Success, based on Explore Your Community Curriculum, provides lessons on transportation, shopping, dining, banking, and recreation activities.*

  5 Pack- $859

Adding to our current classroom curriculum is another wish we have at this time. Finding and creating curriculum for adults with developmental disabilities is a challenge. We have found some great curriculum that is age appropriate and can be added to what we have already created for our students.

- **<u>Living on Your Own Classroom Kit-</u>** *teaches a wide range of housekeeping activities and related interpersonal skills. Activities include the basics like setting the table and mopping the floor, outdoor maintenance, and living with roommates.*
  Classroom Kit- $299

- **<u>Health Advocacy Curriculum Classroom Kit-</u>** *This curriculum helps instructors of those with developmental disabilities learn to teach about how to stay healthy. It covers what to do to stay healthy and also specific conditions that are the result of an unhealthy lifestyle.*

  Classroom Kit- $329

- **<u>Stepping Out Curriculum-</u>** *Students learn a balanced blend of skills—from shopping to banking to doing laundry—or planned, supervised outings.*
  Curriculum- $159

We also have items that can be donated on a regular basis. These items are used daily by students and staff.

- Water Bottles
- Paper Plates
- Napkins
- Plastic Forks
- Plastic Knifes
- Plastic Spoons
- Plastic Cups
- Paper Towels
- Stir Sticks
- Ground Coffee
- Coffee Filters
- Coffee Creamer
- Antibacterial Wipes
- Hand Sanitizer
- Kleenex
- Snacks (ex. Fruit snacks, crackers, popcorn, etc)
- White Board Markers & Erasers
- Manila Folders
- Staples
- Tape
- Hanging Files

Here are some items we can use around the center currently.....

- Extension Cords
- Large Flat Screen TV
- Board Games
- Movies (G-PG13)
- Large Print Calculators

Our students would love the opportunity to grow their own garden and learn how to take care of one. This would allow us to give them a hands on experience with nutrition and learning how to make healthy choices. We have the perfect location for a garden in the back of our school but we need your help to make this dream a reality!

- 120ft of Reed Fencing

- Miracle-Gro Garden Soil

- Watering Cans

- Gardening Tools (ex: garden shovel, garden trowel, bow rake, etc.)

- Various Vegetable & Fruit Seeds (ex: tomatoes, zucchini, squash, raspberry, blueberry, strawberry, etc)
